

GRAY RAINY DAYS ARE OVER...

...WITH THE WORLD'S MOST LIGHTWEIGHT POCKET UMBRELLA

„Red Dot Award“ 2019

Weighing in at only 99 grams and measuring just 20.3 cm folded, this compact umbrella stands up to the heaviest of downpours. Its six carbon steel spokes deliver the ultimate wind resistance.

The tightly woven fabric's high-tech coating makes the canopy quick-drying and dirt-repellent, and adds UV protection.

Lightweight and durable, this umbrella is worth investing in.

The Doppler mini-ZERO,99 by Knirps: your trusted companion for years to come, in the smallest form factor.
